The ASE Launches Its New Mobile Application "Boursa”

June 28, 2025

The CEO of the ASE, Mazen Wathaifi, announced the launch of the new mobile application "Boursa" for iOS and Android devices, effective Sunday, June 29, 2025.

This application, which represents a significant advancement in the digital services offered by the ASE to investors and market participants, provides a modern, advanced, and comprehensive user experience through a single platform that enables real-time tracking of trading information for both listed and unlisted securities. It features market depth, transactions, live tracking of trading activity by sectors and markets, and the most active securities. as well as the ability to create a customized watchlist and price tickertape. Additionally, it provides companies’ disclosures, ASE news, and official circulars,

It is worth mentioning that the new application will replace the existing ASELive and ASE News apps, offering a more advanced and flexible alternative for mobile platforms.

Wathaifi called upon investors and market participants to download and install the new application via the App Store and Play Store, encouraging them to explore its features and enjoy a new experience in market monitoring through a user-friendly interface enriched with accurate and timely information for effective market tracking.
